

PRIYANSHU BORKAR

Data Analyst & AI Engineer

priyanshuborkar88@gmail.com | +91 8329687118 | LinkedIn | GitHub | Nagpur, Maharashtra

Professional Summary

Aspiring Data Analyst and final-year B.Tech student in Artificial Intelligence with a robust foundation in analytics, data cleaning, and visualization. Proficient in leveraging Python, SQL, and advanced BI tools to transform complex datasets into actionable insights. Eager to apply analytical thinking and technical expertise to drive data-driven decision-making and optimize business growth in high-impact environments.

Technical Skills

Programming & Databases: Python (Pandas, NumPy), SQL (MySQL)

Business Intelligence & Visualization: Power BI, Tableau (Basic), Excel (Advanced), Google Sheets

Analytics & AI Core: Data Analysis, Data Cleaning, Statistics, Machine Learning, DBMS, Problem Solving

Tools & Version Control: Git, GitHub, Streamlit, AI Prompting

Data & Engineering Projects

Smart Classroom & Timetable Scheduler | Python, SQL, Excel, Streamlit Jan 2025 – Present

- Developing an automated scheduling system utilizing data analysis and optimization techniques to resolve classroom allocation conflicts.
- Building an interactive web interface via Streamlit, integrating SQL databases for real-time scheduling updates.

Student Performance Dashboard | Power BI, SQL, Excel Mar 2024

- Engineered an interactive BI dashboard to analyze student performance metrics, attendance tracking, and subject trends.
- Executed robust data cleaning and transformation in Excel and wrote complex SQL queries to structure data for visualization.

Sales Analysis Dashboard | Power BI, Data Analytics Dec 2023

- Analyzed raw sales datasets to identify market trends, top-performing product categories, and regional growth opportunities.
- Formulated key performance indicator (KPI) dashboards to support executive-level business decisions.

Intelligent Traffic Management System | HTML, CSS, JavaScript (Hackathon) Feb 2026

- Developed the front-end architecture for a rapid-prototype traffic optimization platform during a competitive tech hackathon.
- Ensured strict performance control and responsive UI by natively building the client-side logic without reliance on heavy frameworks.

Education

JD College of Engineering & Management (JDCOEM)

Nagpur, India

Bachelor of Technology in Artificial Intelligence Engineering

June 2023 – Expected June 2027

– CGPA: 8.72 (Current as of 7th Semester)

Perna International School – Higher Secondary School Certificate (12th Grade): 65% (Verified Record)

K John Public School – Secondary School Certificate (10th Grade): 77% (Verified Record)

Professional Experience & Leadership

Competitive Exam Cell (CEC), JDCOEM

Nagpur, India

CEO & Founder

2023 – Present

- Lead a team of 100+ members to orchestrate high-impact study sessions, workshops, and competitive exam readiness events.
- Manage overarching strategic planning, content curation, and campus-wide student engagement initiatives.

Aavinya (AI Department Forum)

Nagpur, India

Magazine Committee Head

2023 – 2024

- Organized technical and non-technical activities, fostering community development within the AI department.

Publicity Committee - JDCOEM

Nagpur, India

Co-Head

2023 – 2024

- Spearheaded branding strategies, social media campaigns, and promotional logistics for large-scale college fests.

Certifications & Additional Information

Certifications: Google Data Analytics Professional Certificate (Coursera - In Progress), Power BI Data Analyst (Microsoft), SQL for Data Science (Coursera), Data Analytics with Excel (Simplilearn), Python for Data Science (Udemy).

Achievements: 1st Rank in College-Level Badminton, Active Participant in Technical Hackathons.

Languages: English, Hindi, Marathi, German (Learning).
